

Dear Pet Parent,

We know that this is a very difficult time for you and your pet. Their comfort and care are your top priorities – and please be assured, they are ours as well.

Working in conjunction with Animal Cancer Care Clinics, THE PET TAXI APP® is here to provide your pet with pickup and delivery services to and from their treatment facilities.

Our team of dedicated and professional pet chaperones have many years of experience privately chauffeuring pets throughout Florida. We are proud to be trusted by your Veterinarian to provide our services to you during this most critical time.

WHY CHOOSE THE PET TAXI APP?

- **PREMIER PET TRANSPORT.** Your pet is privately chauffeured from door-to-door, ensuring their safety and well-being. Spacious accommodations are provided for their comfort during travel and they are always welcome to bring their food, blanket & favorite toy.
- **FLEXIBLE SCHEDULING.** When it comes to your pet's treatment plan, we understand the need for immediate care. By offering daily pickup and delivery services to and from the Orlando and Ft. Lauderdale Cancer Care Clinics, we are here when you need us.
- **CUSTOMIZABLE SERVICE.** Reservations are tailored to your pets' medical needs and your personal preferences, including providing your pet an option of an extra-large vehicle, a crated or harnessed ride, and a ramp for easy entry and exit.
- **SAFE & SECURE.** Always know where your pet is during transit. GPS-tracked rides allow you to observe where your pet is at all times using your mobile device.
- **TRUSTED LIAISON.** We are the direct line of communication between you and your pet's cancer care team. We provide accurate and detailed information including dietary needs, special medical concerns, and post-treatment care instructions.
