

Animal Cancer Care Clinic Sponsors Morris Animal Foundation K9 Cancer Walk

Animal Cancer Care Clinic became a proud sponsor of the 1st Annual MAF K9 Cancer Walk in Coconut Creek, Florida held on December 5th, 2010. The goal of the K9 Cancer Walk was to raise awareness and funds for cancer research, prevention, treatments, and ultimately, a cure for canine cancer. Dr. Pedro Dominguez was one of the keynote speakers and his speech touched on the following points:

- Early signs and symptoms of cancer
- When should a pet owner seek an oncologist's advice
- Canine Cancer – diagnosis, treatment, outcomes
- What exciting breakthroughs are on the horizon

In addition to the sponsorship, ACCC employees raised extra funds through pledges and were the Top Dogs Contest winners with the Most Team Members!
