## **Oncologist Joins Animal Cancer Care Clinic**

Dr. Stephanie and the team at Animal Cancer Care Clinic are pleased to announce the addition of Dr. Armando Villamil to our staff of oncologists.

Animal Cancer Care Clinic has some exciting news to share. With our growing caseload in Dade County, we are working hard to provide continued full-service access to oncology services in your local area. Dr. Stephanie Correa and the team at Animal Cancer Care Clinic are pleased to announce the addition of Dr. Armando Villamil to support our Dade County practices. Dr. Armando Villamil will see cancer patients in our North Miami and South Miami offices.

Dr. Villamil comes to South Florida from the University of Missouri, and brings with him a wealth of experience. He held a clinical instructor position at the University of Missouri and completed a PhD in epidemiology while at the University. Dr. Villamil and Dr. Correa have been close associates for many years and first met at Louisiana State University where she was a clinical instructor and he was a veterinary student. Dr. Villamil shares the same forward-thinking, aggressive approach to fighting cancer that has been an integral part of Dr. Correa's practice over the years.

Our growth means increased availability and convenience for you and your clients at all six of our locations:

- Fort Lauderdale
- South Miami
- North Miami
- Deerfield Beach
- West Palm Beach
- Stuart
